Problem Statement 3 — Urban Loneliness Epidemic & Unused Public Spaces

- **20M+** Mumbai Citizens
- **1000+** Underutilised Spaces
- **500+** Corporates Need Venues

The Problem

Problem Statement 3 — The Urban 'Loneliness Epidemic' & Unused Public Spaces

Loneliness Crisis

- Senior citizens isolated at home
- Migrant workers lack social bonds
- WFH professionals feel disconnected
- No platform to discover local events

VS

Wasted Spaces

- 1000+ idle community halls & grounds
- Corporates need venues for CSR events

NGOs need financial support to maintain

Our Solution

ConnectSpace — One Platform. Three Stakeholders.

All stakeholders connect on one AI-powered ecosystem

Citizens

- Interest-based event discovery
- AI personalized recommendations
- QR-code ticket & reminders
- Community networking

Corporates + NGOs

- Post & manage CSR/social events
- Set budget, audience & locality
- AI-matched venue suggestions

How It Works

End-to-End Platform Workflow

1. Organizer Creates Event
2. Space Owners Bid Proposals
3. Venue Confirmed
4. AI Recommends to Users
5. Event Hosted & Rated

AI Recommendation Engine

- Personal Interests + Location
- Previous Participation History
- Event Popularity + Age Group
- Available Seats & Timing

Feasibility & Tech Stack

Tech Stack

- **Frontend:** React.js / Flutter (mobile)
- **Backend:** Node.js + REST API
- **Database:** PostgreSQL + Firebase
- **AI Engine:** Python (scikit-learn / TF-IDF)
- **Maps & Location:** Google Maps API
- **Payments:** Razorpay
- **QR Check-in:** QR code + Webhooks

Revenue Model

- **Space Booking:** 5–10% commission per booking
- **Organizer Fee:** Platform service charge

Impact & Future Scope

Social Impact at Scale

- **For Citizens:** Reduces loneliness, builds community bonds
- **For Organizers:** Simplifies CSR events with AI venue & audience matching
- **For Space Owners:** Monetizes idle venues, improves utilization
- **For Society:** Revives public spaces, fosters engaged neighborhoods

Future Scope

- Expand Pan-India
- iOS & Android App
- GPT Event Planner
- CSR Reporting Dashboard
- Govt. Partnership
